

Dubber chosen by Big 4 bank

AAP
NOVEMBER 03, 2015 9:50PM

DUBBER has signed an agreement to provide a tailored solution to one of Australia's Big 4 banks. The Dubber solution has been selected on the basis of its functionality and cost effectiveness as part of a tender process which concluded in mid-October after a comprehensive due diligence period.

DUBBER'S business plan focuses on two areas, namely 'on net' functionality for telecommunications service providers and direct solutions for the enterprise sector.

Managing director Steve McGovern said: This engagement, the details of which are subject to a strict non disclosure agreement, will contribute to bringing forward Dubber management's goal of achieving operational breakeven in FYE 2016. The project demonstrates Dubber's versatility in the enterprise sector, differentiates our offer from competitors and provides many additional potential revenue streams. The project will commence in November 2015.
